

### Explorers Attend Long Beach Plunge

Al Dumont, new Explorer advisor of Kiwanis-sponsored Post 99X, and Thomas F. McNeil took members of the Post to the plunge in Long Beach recently.

Attending were: Explorers Jack McNeil, Bill and Dick Snyder, Richard Jerkovic, Sheridan Swift, Joe and Frank Montez, Paul Lupo, James Cameon, Richard Lolly, Richard Smith and Ward Vorhees.

Explorers Jerkovic and Swift passed their life saving tests, one step closer to obtaining their high rank of Eagle Scouts. Eagle Scouts Jack McNeil and Don Kelley of Post 219X recently attended the 11th annual Eagle Scout Recognition Dinner at the Biltmore hotel in Los Angeles.

McNeil, who aspires to becoming a Doctor of Surgery, was hosted by Torrance's noted physician and surgeon, Dr. Howard Wood.

Kelley, who is interested in going into youth work upon completion of his education was hosted by Robert Cheney, well-known for his work with youth in this area.

Last week Explorer McNeil attended the third annual banquet of the Harbor district Boy Scouts council at the Hacienda hotel in San Pedro.

### El Segundo Halts Cellar Bound Saxons in Finals

In their final game of the season the North High Saxon varsity grid team was dumped 14-6 by El Segundo, Friday, on the Eagle field.

The contest climaxed the locals' initial grid season, in which they were winless.

**Winning Tally**  
Lee Dodson, Eagle fullback, made a sensational 75-yard run on second down midway in the third stanza to pave the way to victory. Quarterback Frank Olsen converted, and the Eagles were ahead 7-0.

Tim Dodson, halfback, plunged 3-yards for the Eagles second TD in the fourth period, climaxing a drive that covered 58-yards and took 6 plays.

Frank Olsen lifted one through the uprights and it was 14-0 in the fourth quarter.

**Saxons Shine**  
Late in the fourth period Saxon back Paul Carrico pulled in

fullback Ray Grieshaber's short yards to pay dirt. The tally came on fourth down with a 39-yards to go for a first down situation.

The Saxons, under the leadership of head coach Cliff Greyhuel, have scored only 26 points against Pioneer League foes, while allowing their opponents a monstrous 162 in five games.

Friday's loss puts North High into last place in the Pioneer League, neither the Eagles nor the Saxons having previously won a league encounter.

**Score (Quarters) 1 2 4 4 T**  
El Segundo ..... 0 0 7 7 14  
North High ..... 0 0 0 6 6

### C C Squads Collect In Pioneer League Finals

North High varsity and JV Cross-Country squads took second and third place respectively in the Pioneer League finals Friday on Morningside's mile and eight-tenths course.

Morningside won the varsity race with a perfect score of 15 points (low score wins), while North High was second with 68 points, Culver City third with 78, and Beverly Hills fourth with 80.

**North Times**  
Gerald Rowe was first for the Saxon "leather lungers" in 10:56. Second to seventh were Gary Martin, Paul Chandler, Mike Clark, Bill Bruton, Ken Purviance, and Chuck Siebengartner in their running order.

**JV's Produce**  
The Monarchs took the JV contest, carding another perfect score of 15 points. Culver City

was second with 57 markers, North High third with 75 points, and Beverly Hills fourth with 88 tabulations.

Roy Hunkel had the best North time in this event, touring the level layout in 11:18. Other runners for the "jogging JV's in the order of their finish were Pat Willey, Ross Potter, Richard Komonyi, Jim Reed, Steve Mitchell, and Larry Everate.

December 8 the Saxon "harrriers" conclude their season with the CIF finals at the hilly Mount San Antonio course.

### Saxonbees In Defeat To El Segundo

El Segundo's Eagle "Bee" team tallied 21 points in the first two quarters to set back Coach Del Nuzum's Saxonbees 21-7 in a Pioneer League finale Thursday on the winners field.

The locals couldn't stop the Eagle's pitchouts, which earned them their big ground-gainers by way of a split "T" lineup. El Segundo engineered drives of 33, 53, and 25 yards for their tallies, and also converted successfully.

**North Score**  
Saxonbee footballers broke into the scoring column in the latter moments of the final stanza. Ernie Thompson, fullback, hit left end Dave Babbit with a 15-yard aerial that was good for six points. Thompson carried the ball over for the extra point to complete the scoring, and that made the final score 21-7.

On the year the Saxonbees have compiled a league record of 1-4 and an overall record of 1-7. Mentor Del Nuzum attributes "inexperience" as the reason for the team's disappointing record.

**Score (Quarters) 1 2 3 4 T**  
El Segundo ..... 7 14 0 0 21  
North High ..... 0 0 0 7 7

### There's A 'Mum' For Every Type Of Garden

By LEWIS LORING

The most colorful perennial plant that we can make good use of in our gardens for fall and early winter color is the chrysanthemum. Almost every color and type of flower imaginable may be derived from the use of this plant.

Your nursery and garden supply dealer is now proud to show you what he has to offer. Small plants of the various types of chrysanthemums were available through the late spring and early summer, and if you missed planting them then, you can plant larger blooming sizes now from gallon containers.

**All Types**  
There is a type of 'mum' for almost every purpose in the flower part of your garden. In the event that you want a small bushy type for planting in a rock garden or in borders, a choice from the cushion and dwarf types would be in order.

In the event you want a type of plant that would look good in a hanging basket or to drape over a wall, don't overlook the cascades.

Often we desire special effects, accents, or just something unusual. In cases of that type a selection from the spider, spoon or threadlike varieties fills the spot.

**Most Popular**  
Most of all, although sometimes neglected in the disbudbing stage, are the exhibition types. When properly cared for and disbudded these flowers often grow to six or more inches across.

The color range of most mums leaves nothing to be desired. Reds, white, pinks, bronze, yellow and many blends thereof may be selected.

Considering the large quantity of blooms they produce during this time of the year, the plants themselves require little care. Give them plenty of sun, sufficient moisture during most of the growing season so that they are not slowed down, and by keeping a sharp look out for pests, you will be abundantly rewarded.

**Expert PLUMBING SERVICE**
